

# SUSTAINABILITY LEADERS NETWORK

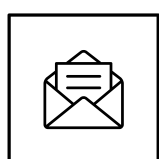

## THINK BLUE: PROTECTING OUR WATER FUTURE

Get involved  
in the Student  
Sustainability  
Leaders  
network.

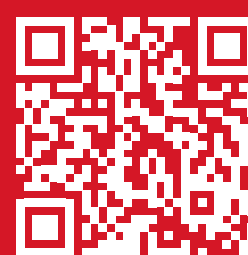

Join other students to research on global water scarcity. As a group, you will deliver a water awareness campaign highlighting practical water-saving tips and actionable behaviours in reducing water waste in student accommodation, at home or on campus.

- Gain skills and enhance employability through problem-solving, research and analysis, and environmental awareness.
- Make a difference on campus and connect with like-minded students.
- No experience is needed, just enthusiasm and the ability to commit for at least two hours per week.

Running throughout term two.
